Mr. A. L. Manley,
71 Crawford Street,
Newark, N. J.

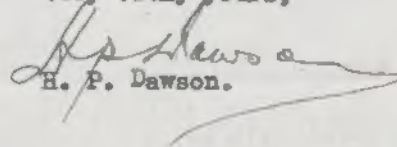

Dear Manley:

Referring to your letter (From your Wife) of
July 29th.

I told Riddick that it would be all right to
make the changes in your dates. Under the conditions as
outlined by you was a justification for the change and
it is all right with me.

Have decided to keep the park open for baseball
until October 1st or possibly a little later. Why don't you
get three or four of those big clubs to come down and play
in and around Norfolk after your season closes?. Better
let me hear from you as soon as possible giving me the ~~dates~~
dates you want to play here during that time.

Very truly yours,

H. P. Dawson.
